Hey! I decided to become a Big this year after meeting a great community last year and wanting to build a similar environment for other JSA members too. I am super excited to make this amazing Kazoku program even better, so come talk to me if you have any ideas/concerns!

## TREVOR MITCHELL

Hello there! I'm only a middle in our Kazoku program, but know all about how to help plan great events. As one of your coordinators, I want to make the Kazoku program as amazing as it was for me in my freshmen year. If you have any ideas to help make the program better, please let me know!

## ACTION #1! KAZOKU NAME

Our goal for this semester is to have more joint Kazoku activities and Kazoku competitions! This means A LOT of Kazoku features on this newsletter (and maybe on instagram too;) and that means we want each Kazoku to have a SUPER COOL Kazoku name!! The theme for this semester is .....

## ACTION #2! KAZOKU COMPETITION

This semester, Kazoku Competitions will look a little different from before. We will have a few competition categories planned out, and your Kazoku will have a few weeks to participate in any/both of them!

### Kazoku Competition Phase 1 (until Feb 25)

- **Spotify Playlist**
  - Best playlist overall (2pt)
  - Most unique (1pt)
  - Best bop (1pt)
  - Best chill (1pt)
- **Snow Sculpture**
  - Best sculpture overall (2pt)
  - Cutest sculpture (1pt)
  - Most unique (1pt)

Bigs will submit any Spotify links / Sculpture photos by Feb 25th.

During spring break, you will receive a form to vote on each of these competitions. No voting for your own Kazoku! Your Kazoku will earn points for any categories you win for! After spring break, new competitions will be announced and points will be reset. Let us know if you have any ideas for the next competition!

That was A LOT of information! Don't worry, future newsletters will be filled with pictures of all of you:)

More info on the Kazoku competitions and Joint Kazoku will be relayed to the Bigs, but feel free to reach out to Trevor and Yuna if you have any questions!
